Build-A-Bear Workshop Internship Program 2025 For UnderGraduates

Position Overview

Are you passionate about the toy industry and looking for a unique internship opportunity? Then look no further than the Build-A-Bear Workshop Internship in St. Louis. This exciting program provides interns with the chance to work with an iconic brand and gain valuable experience in retail management, marketing, and product development.

The Build-A-Bear Workshop Internship in St. Louis is an immersive program designed to provide interns with hands-on experience in all aspects of the business. From working on product development to managing retail operations, interns will gain an in-depth understanding of what it takes to run a successful toy company. Throughout the program, interns will work alongside experienced professionals, participate in training sessions, and have access to valuable resources to help them succeed.

Tasks

As an intern with Build-A-Bear Workshop in St. Louis, you will have the opportunity to take on a variety of responsibilities, including:

- Assisting with product development and testing
- Conducting market research and analysis
- Collaborating with cross-functional teams to develop marketing campaigns
- Assisting with managing retail operations, including merchandising and inventory management
- Providing exceptional customer service to guests
- Participating in training sessions to learn about company policies and procedures

Qualifications

To be considered for the Build-A-Bear Workshop Internship in St. Louis, applicants must meet the following qualifications:

- Currently enrolled in college or university or a recent graduate
- Available to work a minimum of 20 hours per week
- Passionate about the toy industry and retail management
- Strong communication and collaboration skills
- Willingness to learn and take on new challenges

Advantages

As an intern with Build-A-Bear Workshop in St. Louis, you can expect to enjoy the following benefits:

- Hands-on experience in all aspects of toy retail management and product development
- Opportunities for professional development and networking
- Flexible scheduling to accommodate your academic schedule
- Competitive pay and employee discounts
