## Caltrans Summer Internship 2025 In Oakland For Recent Graduates

### Description

Caltrans, also known as the California Department of Transportation, offers internships in Oakland for students interested in transportation engineering, planning, and operations. The internship provides hands-on experience in transportation infrastructure design, construction, and maintenance, as well as exposure to various administrative and technical roles within Caltrans.

### Responsibilities

- Assist with transportation engineering projects, including design, planning, and construction.
- Participate in field inspections and surveys to assess transportation infrastructure conditions and needs.
- Collaborate with Caltrans staff to support administrative and technical duties.
- Attend meetings and conferences related to transportation infrastructure planning and development.
- Maintain accurate records and documentation related to Caltrans operations.

### Qualifications

- Must be enrolled in a college or university program with a focus on civil engineering, transportation planning, or a related field.
- Must have a valid driver's license and be able to pass a background check and drug screening.
- Strong communication and teamwork skills are essential.
- Familiarity with transportation infrastructure planning and design principles and practices is preferred.

### Job Benefits

- Gain hands-on experience in transportation infrastructure design, construction, and maintenance.
- Develop skills in leadership, communication, and critical thinking.
- Learn about various roles and responsibilities within Caltrans.
- Network with professionals in the transportation engineering and planning fields.
- Receive academic credit, if applicable.
