Pfizer Summer 2025 Internship IM Health & Science Professional

Description

Pfizer, one of the world's leading pharmaceutical companies, is offering a summer internship for 2024 in the field of IM Health & Science Professional in Loughborough. This internship is an excellent opportunity for individuals interested in pursuing a career in the pharmaceutical industry. In this blog post, we will provide an in-depth overview of the job description, responsibilities, qualifications, experience, skills, job benefits, and contacts for this exciting internship opportunity.

Pfizer is a global pharmaceutical company dedicated to improving health and well-being around the world. As an IM Health & Science Professional intern, you will be working in the Loughborough office, collaborating with a team of experienced professionals in the health and science field. This internship is designed to provide hands-on experience in a dynamic and fast-paced environment.

Responsibilities

As an IM Health & Science Professional intern, you will be responsible for supporting the team in a variety of areas, including data analysis, project management, and process improvement. Some of your key responsibilities will include:

- Collecting, analyzing and interpreting data to identify trends and opportunities for improvement
- Supporting the team in project planning, execution, and monitoring progress
- Developing and implementing process improvements to optimize operational efficiency
- Providing support in developing and delivering presentations to stakeholders
- Maintaining accurate records and documentation of work processes

Qualifications

To be eligible for this internship, you must meet the following qualifications:

- Currently enrolled in a Bachelor's or Master's degree program in a science-related field
- Strong academic record with a GPA of 3.0 or above
- Excellent analytical, problem-solving and critical thinking skills
- Strong communication and interpersonal skills
- Proficiency in Microsoft Office Suite, especially Excel and PowerPoint

Experience

While prior experience in the pharmaceutical industry is not required, any experience in data analysis, project management, or process improvement would be advantageous. Additionally, any experience working in a team-based environment or collaborating with cross-functional teams would be beneficial.

Skills

In addition to the qualifications and experience mentioned above, the following skills

Hiring organization

Pfizer
