Yahoo Summer 2025 Internship 3D Designer/Artist Intern

Description

Are you an aspiring 3D designer or artist looking for an opportunity to showcase your creative talent? Then, the Yahoo Summer 2024 Internship for 3D Designer/Artist in Milton Keynes might just be the perfect fit for you!

As a 3D Designer/Artist intern at Yahoo, you will work with a team of professionals who specialize in creating immersive 3D experiences for the web, mobile, and other platforms. You will learn how to transform ideas into tangible digital creations that wow users with stunning visuals and interactive elements.

Responsibilities

- Collaborating with cross-functional teams to design and develop 3D assets, animations, and graphics for various products and services
- Assisting with the creation of interactive 3D content for the web, mobile, and other platforms
- Researching and experimenting with new 3D technologies, tools, and techniques to enhance the user experience
- Participating in team meetings, presentations, and brainstorming sessions to contribute ideas and feedback
- Following design standards, guidelines, and best practices to ensure consistency and quality of work

Qualifications

- Currently pursuing a degree in 3D design, graphic design, animation, or related field
- Strong portfolio showcasing proficiency in 3D design and artistry
- Proficiency in 3D software such as Maya, 3ds Max, Blender, or equivalent
- Basic understanding of web technologies and programming languages such as HTML, CSS, and JavaScript
- Excellent communication, problem-solving, and time management skills

Experience

- Previous experience in 3D design or artistry is preferred, but not required
- Experience with game engines such as Unity or Unreal Engine is a plus
- Familiarity with virtual or augmented reality is a plus

Skills

- Creative thinking and attention to detail
- Ability to work independently and as part of a team
- Strong visual and spatial awareness
- Passion for art, design, and technology
- Willingness to learn and adapt to new challenges and opportunities
